

**McKay Public School Choice List
2017/2018**

The following list identifies schools available for choice for McKay Public School Choice. Schools are identified by seats available in both general education and special programs. The school you request must have space for your child in the grade of enrollment and have the ability to accommodate your child's needs as stated on their most recent Individual Education Plan (IEP). Seats are awarded on a first come, first serve basis. **Identification on this list does not guarantee approval. Transportation is not guaranteed** and is approved based on route availability from your home to the school requested. You may submit only one application for public school choice per school year. You will receive a response to your request within 30 business days of the District's receipt of your application.

If you have any questions, please contact **Jenny Quartararo** by phone **754-321-3445** or email **jenny.quartararo@browardschools.com**

Elementary
