Financial Assistance for Parent of Student with Disabilitites Conferences/Workshops

Pending the availability of grant funds, financial support may be provided for families of students with disabilities to attend local, regional, state, or national conferences and workshops that will foster and promote collaborative educational partnerships. Parent requests for assistance are limited up to $1,000 per family within a school year. Request an application by contacting FDLRS Parent Services at 754-321-3466 or maryrose.kennedy@browardschools.com. Submit a completed application 30 days prior to the conference/workshop.

Eligibility: High consideration will be given to those parents who have not previously accessed funds. Priority will also be given to those parents who are actively involved in one or more of the following activities: ESE Advisory Council, School Advisory Council, School Improvement Team, PTA/PTO, Local/State parent Support Group Organizations, and School Volunteers.

Childcare: Childcare expenses may be reimbursed at a flat rate of $50 per day (or $8 per hour for a maximum of 6 hours; an original receipt must accompany the reimbursement request).

Parents may apply for financial assistance from July 1, 2016 – March 1, 2017

Respite Services (In-home support for parents)

Parents may use respite services to attend a parent workshop, conference, support group, and/or any activity that provides needed alone time or time with other family members. Families of students with disabilities who receive respite services have the opportunity to get a much-needed break to relax, refresh and renew themselves. Respite services can be received in your home for up to 120 hours a year. Broward Children's Center also provides extended staff services at their facility. For more information contact: Broward 211 (24 Hours Crisis Helpline), Dial 211 or (954) 537-0211.

Special Ed Connection®

Florida Department of Education is proud to provide
access to ***Special Ed Connection®*** to parents of students with disabilities.

Special Ed Connection® is a web-based resource that parents can use to gain an understanding of what special education is and how it works, as their child enters, progresses through and exits the world of special education requirements. From legal rights to practical application and from student referrals to IEPs, ***Special Ed Connection®*** explains specific procedures and provides real-world application strategies so parents can learn the complexities surrounding special education supports and services.

Here are highlights of just a few of the many components that will be made available for your use:

Smart Starts – The best starting point to gain an interpretation and a better understanding of almost 450 special education topics. You'll find that *SmartStarts* provide practical guidance, based on federal regulations and case law. From assistive technology to chronic health conditions to measuring progress, each *SmartStart* will help you understand the law and how it applies to your individual child's situation.

Special Ed Online *Dictionary* – Provides straightforward definitions of more than 1,400 widely used terms, enabling enhanced dialogue about special education issues. Straight-to-the-point explanations are provided so you'll understand the meaning of terms such as *prior written notice, least restrictive environment, transition services, functional behavioral assessment,* and *behavioral intervention plan*—giving you the ability to be more actively involved in meeting your child's educational needs.

News and Updates – Stay current on the latest news and developments in the special education community—including news about legislation, best practice strategies from special education experts, updates from experts regarding new techniques being used in the special education community and more!

Special Ed Round-Ups – Provide you with an easy way to quickly locate practical guidance and gain access to valuable resources on a host of important special education issues from autism to bullying to postsecondary transition and more.

To find out more about gaining access to this exciting resource — contact your FLDRS office right away!

Workshop Descriptions Cont'd.

Creative Relaxation **Presenter: Gigi McIntire**

Purpose of the class: Parents and children are invited to have fun; to stretch, strengthen and improve balance; to develop body-awareness and self-control; to improve social interaction; to learn techniques for relaxation. Please bring a yoga mat or a towel.

Family Fun with Math **Presenter: Naomi Church**

Families can increase math proficiency in their children by playing fun games at home. In just over an hour you'll learn some strategies, activities and games that you can play to increase student success in Mathematics.

Growth Mindset for Parents **Presenter: Naomi Church**

This training will focus on how parents can build a Growth Mindset in their children and even develop one themselves. When students believe they can get smarter, they understand that effort makes them stronger. Come learn how simple changes in the way you praise your child can make them into more successful students.

HOT DOCS (Helping Our Toddlers, Developing Our Children's Skills) **Presenters: Maria Robles (Spanish), Liz McGettigan, Adrianna Liuzzi**

A seven (7) week training for parents of children ages 2-5 years, developed by the University of South Florida Pediatrics Department. This program teaches a problem-solving method to figure out the function or the "why" of kids' problem behaviors. Learn specific prevention strategies and techniques for modifying your child's behavior. The skills we teach in HOT DOCS are applicable to people of all ages, but the examples, stories and videos used focus on children up to five years old. It is recommended that parents attend all seven workshops in sequence, because each workshop builds on skills from previous workshops; however, parents may attend any of the workshops in the series.

Transition to Kindergarten **Presenter: Lori Benvenisty**

For parents of children entering Kindergarten 2017-18. Workshop addresses the following: What to do to prepare; What are the program options; How do families plan for this process; How and Why is diagnostic data used? Learn about this and more with our experts!

Learn the Signs. Act Early

It's time to change how we view a child's growth. Her first tooth! And she's babbling! It's natural to measure your child's height and weight. But you should measure other ways your child is growing, too. From birth to five (5) years, there are milestones your child should reach in terms of how she plays, learns, speaks, and acts. A delay in any of these areas could be a sign of a developmental problem, even autism. The good news is, the earlier it's recognized the more you can do to help your child reach his or her full potential. Talk with a doctor, nurse or teacher about your child's total development. For more information call 1-800-CDC-INFO or go to www.cdc.gov/actearly. In Broward County, call Child Find at 754-321-2204 for FREE screenings for children birth to age 5.

Little Kids, Big Questions: A Parenting Podcast Series From ZERO TO THREE

ZERO TO THREE's podcast series on Early Childhood Development, Little Kids, Big Questions, addresses some of the most common (and challenging) issues facing parents of babies and toddlers, such as: helping a baby learn to sleep through the night; dealing with a picky eater; and learning to set limits on children's behavior. These questions—and more—are covered in this series of 12 podcasts. Each podcast features an interview with an expert that focuses on how to apply the research of early childhood development to your daily interactions with your baby or toddler. http://www.zerotothree.org/about-us/funded-projects/parenting-resources/podcast/
